

The Most Dangerous Pastor in America?

Woe unto you, scribes and Pharisees, hypocrites! for ye make clean the outside of the cup and of the platter, but within they are full of extortion and excess.

Matthew 23:25 (KJV) 

One of the more distasteful sins to God is hypocrisy, so much so that Jesus constantly railed against the Pharisees for it (see Matthew 23). Tragically, we have a whole group of those who call themselves Christians, but like the Pharisees are utterly clueless of their own wretchedness. That is the only explanation for those who follow the likes of Steven L. Anderson, who like a **Judas goat** leads multitudes to their own eternal demise. He does so by exploiting the hatred these people have for their fellow sinners.

If a man also lie with mankind, as he lieth with a woman, both of them have committed an abomination: they shall surely be put to death; their blood shall be upon them.

Leviticus 20:13 (KJV) 

To deny that homosexuality is an abomination in the eyes of God is foolishness, but what of Anderson's claims that they should be put to death? Yes, under Mosaic law homosexual behavior was punishable by death, but so was not keeping the Sabbath (**Exodus 35:2 KJV** ) and cursing your parents (**Exodus 21:17 KJV** ). What part of no longer being under the Law do some Christians not grasp?

For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord.

Romans 6:23 (KJV) 

The truth of the matter is that we are all sinners and therefore all worthy of death. This is what Jesus was demonstrating to us with the parable of the Pharisee and Publican (**Luke 18:9-14 KJV** ). This is why our brother Paul called himself the chief of sinners (**1 Timothy 1:15 KJV** ). Note that he says 'I am' the chief of sinners, not 'I was'.

Mind Control from the Pulpit

When one talks about mind control it evokes images of zombie like people walking robotically and speaking in a monotone. So let me define this phrase for you. A mind controlled slave is a person who has a brain but either refuses to use it, or is unable to because of trauma like **Future Shock**. They seek others to make sense of the world for them. The US Army PSYOPS manual refer to these people as 'key communicators'.

Key communicators. Key communicators are individuals to whom members of a TA turn to for information, opinion, or interpretation of information. Many times PSYOP personnel cannot send the PSYOP message directly to the TA, or the TA would be more susceptible if the message came from an intermediate TA.

Identifying and communicating with key communicators, whether they are teachers, principals, religious figures, town elders, or prominent businessmen, can be very helpful. A key communicator can also be thought of as a celebrity spokesperson. The use of key communicators can add credibility to a PSYOP message.

They outsource all of their critical thinking to these third parties and regurgitate their opinions as their own. When these opinions are deconstructed to show them they are faulty they can become quite upset. As a result they will either repeat their opinion as if you'd never shown them their error, or personally attack you.

New ideas or those simply different from their preconceptions are very difficult for them to grasp.

Many actually wear their ignorance as some sort of badge of honor. This is where what I call 'dialectic thinking' comes in. When was the last time you ever heard someone say "Gee, I've never really given that subject any serious thought before"? Today people know nothing yet have opinions on everything. Opinions are usually worthless. What is important? Facts.

Like his predecessor **Fred Phelps**, Steven Anderson demonstrates mind control techniques over his followers, albeit much more sophisticated. Unlike Phelps who was never taken seriously by anyone but his extended family members Anderson has managed to captivate a much larger audience. I have had the opportunity to personally counsel over a dozen of them through the social media and I can say with a degree of certainty that most are either mind controlled or simply paid shills.

Steven Anderson is a 'key communicator' which is someone who has influence over a target group, namely Christians. His assignment falls under the CIA's "**Operation Mockingbird**" which God has shown me to be aptly named. The mockingbird is known for their ability to learn and sing the song of many other birds thereby fooling them into thinking they are one of them. Similarly Anderson mocks the true Christian by saying many of the same things they do, but with an ulterior motive. He sings the NWO's tune. The truth of the matter is that Anderson is likely under just as much mind control as his followers and simply following orders.

But what service does Anderson provide for the New World Order? That of being the useful idiot. **Praying for the death of Obama and calling for the murder of gays**, what Christian can take him seriously? You see, the Hegelian dialectic requires two opposing forces to be reconciled. Anderson's role is to play the wild eyed, crazy pastor and preacher of hate we have seen portrayed in so many films.

On the other side of the dialectic we have the harlot churches who are increasingly supporting the LGBT community and all the other sinful lifestyles. Make no mistake, if you do not completely embrace the sin affirming group you will be portrayed as part of the murderous hateful group no matter how difficult it is to pound that square peg in the round hole. And with men like Anderson preaching his brand of hatred it will not be difficult at all.

To further this dialectic certain polarizing events are planned for the future. There will be gays who are murdered in cold blood with much media coverage provided courtesy of "Operation Mockingbird". **CIA asset Anderson Cooper** will champion their cause and even shed tears on camera. This is not wild speculation, the US government has been caught before placing their **PSYOPS agents in jobs with CNN and NPR**. Blame for these horrific acts will be laid directly upon church steps and certain individual 'Christians' like Anderson. So called 'radical Christianity' will be equated to radical Islam on the talk shows. Just like the names of Eric Brown and Michael Garner are on the lips of the people today the names of martyred gays will be tomorrow.

The Only Christian Response to the Gay Community

So what is the scriptural response to this madness? We must show the LGBT community the love of Christ, as He would if He were here, even as we reject their sinful lifestyles. As former slaves to all manner of sin we must show them that they too can be set free through the power of the Holy Spirit.

But I keep under my body, and bring it into subjection: lest that by any means, when I have preached to others, I myself should be a castaway.

1 Corinthians 9:27 (KJV) 

Paul tells us that we must keep our flesh under control, and not give into carnal desires. Not all of us are tempted by the same sins, but we are all tempted. Christians need to stop putting homosexuals in a different category of sinner than themselves. In God's eyes sin is sin, period. Yes, some sins may seem more vile to us, but if we feel hatred or rage towards our fellow sinners we need to take a long look in the mirror and recognize our own inherent wretchedness.

Behold, this was the iniquity of thy sister Sodom, pride, fulness of bread, and abundance of idleness was in her and in her daughters, neither did she strengthen the hand of the poor and needy.

Exodus 16:49 (KJV) 

One should also keep in mind that it was not homosexuality that brought about Sodom's downfall, but pride, idleness and easy living. Homosexuality was merely a symptom of these societal ills. America faces these exact same problems today and they will similarly lead us to God's judgment.

And forgive us our sins; for we also forgive every one that is indebted to us. And lead us not into temptation; but deliver us from evil.

Luke 11:4 (KJV) 

The Christian experience is not about how much of a sinner we are, but how much of a repentor. A contrite heart is more important to God than the loftiest of prayers or the most monumental works of the Law. We keep the Law written in our hearts by the presence of the Holy Spirit because we are saved, not in order to save us. There is just as much hope for the homosexual, pedophile or murderer in Jesus Christ as for the adulterer, liar or thief.
